[Arkhouse.net](http://arkhouse.net) has provided temporary low-cost housing for families and their loved ones while receiving extended medical treatment at Dallas area hospitals for over 25 years. It is the hope of volunteers and Ark House contributors that by providing these basic needs, some of the burden will be eased while families must be away from home to receive extended medical treatment. Check out the video @ www.arkhouse.net.

[Jonathan's Place](http://jonathansplace.org) has been taking care of the Dallas area's youngest victims of abuse for more than a decade!!! Your help provides this care through two programs – a “home-style” emergency shelter for abused, abandoned and neglected children and a Foster & Adoptive Family Program. For more information check out www.jpkids.org.
